

Who is Annie?

Annie was a farm woman who lived in a small farming town in Illinois. She spent her lifetime learning how to become involved as a business partner with her farm husband.

What is Annie's Project?

Annie's Project is a 6 week course designed especially for farm women. Session will combine lecture, discussion, individual and small group activities, and computer training.

Annie's Project strives to help farm women gain understanding and knowledge necessary to be active and involved farm partners. Annie's Project will also help women find new ways to balance the demands of family, community, and professionalism with in the ag community.

Project Partners

Participant Comments

I never knew that there were so many
farm wives craving for the knowledge
to know more about what's going on –
on the farm.

I believe that I can gain more
knowledge about farming and
marketing and be more involved in our
farming operation – rather than being a
silent partner.
