Reducing Unwanted Horses One Stallion At A Time

- To participate in the clinic, horse and jack (male donkey) owners must be referred by a certified horse rescue, humane agents or their veterinarian based on an economic hardship. Equine castrations are free for qualifying owners.
- Owners must be Minnesota residents.
- Castrations are performed by veterinary students, under close supervision by licensed veterinarians.
- Stallions must be halter broke with two descended testicles and be at least 4 months of age. There is no upper age limit.
- Each horse must have at least one adult or qualified handler with them at all times. If bringing multiple horses, multiple handlers are required.
- For safety reasons, no children under the age of 12 are allowed onsite. Dogs are not allowed at the clinic.
- Castrations must be scheduled in advance. Contact Krishona Martinson, University of Minnesota, at 612-625-6776 or krishona@umn.edu to make an appointment.
- To make a financial contribution, contact Erin or Allison at the Animal Human Society at 763-412-4957 or donate online at [http://minnesotahorsewelfare.org/donate/](http://minnesotahorsewelfare.org/donate/). Please specify the contribution is for the equine castration clinic.
