

---

**C**ommercial and noncommercial licensed pesticide applicators who attend a workshop in their needed category fulfill their recertification requirement. Attendance at this workshop enables pesticide applicators to renew their license.

If you're not sure you need to recertify, check the "recertify by date" on your 2015 applicator's license ID card, or review your license information on the MDA website:

<http://www2.mda.state.mn.us/webapp/lis/>

All applicators are required to ANNUALLY RENEW their license with the MDA.

**If an applicator does not attend a recertification workshop the applicator must then retest to recertify and pay a retest fee, in addition to the license application fee.**

---

The MDA reserves the right to deny recertification to those who arrive late or who are not in attendance during portions of the program. Attendance is monitored.
