What Is SowBridge?

SowBridge combines electronic materials with live presentations from topic experts by teleconference 12 times each program year on a monthly basis, and offers access to the recorded audio of all sessions to ensure subscribers don’t miss a thing!

How does the program work?

- Prior to each session, participants receive session materials
- Subscribers call a toll-free number to participate (This is slightly different for subscribers from outside the U.S. and Canada.)
- At 11:30 a.m. Central Time, sessions begin and last no longer than 60 minutes. Participants follow along with the presentation on their computer.
- At the end of the formal presentation, time is available for Q & A.
  
No Internet access needed to participate!

Reviews from SowBridge participants

“Employees can learn without having to leave the unit”

“Getting up to date information on an interesting range of pig topics”

Subscribe by January 16, 2017 to ensure materials received for first session!

More comments from our participants

“IT’S AVAILABLE AT MY DESK!”

“GREAT SOURCE OF UP TO DATE INFORMATION FROM EXPERTS!”

“All materials can be gathered at the farm and we no longer need to get the CD by mail. One less item to enter into the facility.”
