Chopping or Dicing Celery

**STEP 1**
Wash celery. Separate stalks and remove any remaining soil.

**STEP 2**
Trim bad ends.

**STEP 3**
Cut stalk into even cross sections in preparation for making lengthwise strips.

**STEP 4**
Cut sections into lengthwise strips. Depending on recipe, make narrow strips for small dices, or wide for larger dices.

**STEP 5**
Slice across strips to make dices, using rocking motion with knife.
