*"Providing unbiased, research based  
information to  
Minnesota Horse Owners."*

UNIVERSITY OF MINNESOTA  
**Extension**  
SERVICE

**University Of Minnesota**  
**Horse Program** is a program developed to provide unbiased, research based information to Minnesota horse owners, focusing on horse care, facilities, health, nutrition, pasture and manure management that will increase the knowledge of horse owners and improve the quality of care for horses and their habitat in Minnesota.

The University of Minnesota Horse Program consists of 22 faculty members from 11 different Departments or Colleges including; Department of Agronomy and Plant Genetics, Department of Animal Science, Extension Service, Law School, University of MN Equine Center, and College of Veterinary Medicine.

Our team also partners with local veterinarians, feed and tack stores and other equine business to provide educational programs.

Program efforts consists of: Regional Programs (like this program); monthly electronic newsletter, website information; and written publications.

Please visit our website  
([www.extension.umn.edu/horse](http://www.extension.umn.edu/horse)) for more information and upcoming events in your area.
