ETHNICITY	TOTAL YOUTH

Directions: Type in the appropriate numbers for your project. Ethnicity is separate from race. YOU should indicate an ethnicity category for each participant and all racial categories that apply to each participant (i.e. a participant of more than one race would be recorded in each applicable racial category). Ideally, your total participants should equal the total of numbers in your ethnicity section. Totals of racial categories will be equal to or greater than your total participants if they all report racial information.

4-H Youth Participants: Any youth taking part in programs provided as a result of action by extension personnel (professional, Paraprofessional, And volunteer). This includes youth participation in programs conducted through 1862, 1890, and 1994 land-grant universities, EFNEP, urban gardening, and other programs that may not actually use the 4-H name and emblem with participants.
