XXX COUNTY - 4-H Competitive Events: Deadlines, Consequences and Exemptions  (Effective 10/1/2014)

This document has been created to assist 4-H members, families and 4-H staff in understanding state and county 4-H individual competitive event deadlines, consequences applied to each situation/deadline, and the use of the one-time exemption to remove all consequences for a single situation/deadline.

1. Youth may enroll in project areas at any time. However, to be eligible to exhibit at the county fair with full privileges the information in the Competitive Event Table must be met.
2. For youth enrolling in 4-H for the first time and/or joining clubs or programs organized after the May 15 deadline, enrollment will be received for a period of one calendar week after the group is organized. Because of the animal science ID deadlines, youth enrolling after May 15 will not be able to exhibit in animal science projects with full privileges.
3. 4-H member may choose to utilize their one-time exemption recognizing that they have missed a 4-H deadline and waive all consequences for that deadline. The one-time exemption applies for the career of the 4-H member and transfers among Minnesota counties.
4. The one-time exemption form must be submitted within one calendar week after the enrollment or registration form is received or prior to the event, whichever is first.
5. For Animal Science ID deadline, the 4-H member has one calendar week after set deadline to turn in, to the Extension Office, the animal ID form and the one-time exemption form. (The animal must be owned by deadline.)
6. When a 4-H member uses their exemption for a late ID, then the animal(s) being ID’ed may only be shown by that same 4-H member at a 4-H county and/or state 4-H event. The late ID’ed animal(s) cannot be exhibited by another sibling at a 4-H event during the current 4-H year.
7. If the county determines the 4-H member is "not eligible," this consequence is removed, if the youth chooses to use the one-time exemption.

Exemption process originally implemented 10/1/13
