2018 Rabbit Information Sheet

Prepared by the 4-H State Fair Rabbit Show Committee and the Center for Youth Development

This information sheet gives details on the rules for this year’s Minnesota State Fair 4-H Rabbit Show. Although some counties may follow slightly different guidelines, these rules will apply at the state level.

OWNERSHIP REQUIREMENTS

Ownership Requirements for All Animal Science Projects are uniform for Beef, Cats/Pets, Dairy, Dairy Goat, Dog, Horse, Lama, Meat Goat, Poultry, Rabbit, Sheep and Swine: Animals must be owned solely by the 4-Her or the 4-Her’s family. The family includes the 4-Her’s parents/guardians and siblings living together as a family unit. The definition of family includes an extended family where the animal may be owned by grandparents as long as the 4-Her’s parents are actively involved with and working on the farm. Animals owned in partnership with non-family members (as defined above) must be leased and follow guidelines within the lease agreement. Lease agreements must be submitted by May 15 with 4HOnline data. Market animals (with the exception of prospect calves) cannot be leased.

All Animal Ownership Deadlines:

- **February 15:** Market Beef (beef steers, market heifers & dairy steers)
- **May 15:** Breeding beef, dairy, dairy goats, dog, horse, lama, meat goat, poultry, rabbit, sheep, swine. Fryer rabbits (should be 70 days old at show) 4-Her must own the doe of fryer rabbits and doe must be identified by May 15.
- **June 1:** Jr. Meat Does
- **July 1:** Jr. Doe Kid Dairy Goats

Projects in Minnesota may be started at any time during the year. However, if the project is to be shown at a county or state event, certain requirements must be met. Each of the requirements listed pertain specifically to state events. Identification worksheets are available in most species for use by families to gather data needed to complete 4HOnline Identification process. Please keep ID worksheets for records.

ANIMALS UNDER LEASE ARE NOT ELIGIBLE TO BE SHOWN AS A MARKET ANIMAL

HEALTH REQUIREMENTS FOR EXPOSITIONS, COUNTY AND STATE FAIRS

ALL SPECIES. All animals will be inspected by the official veterinarian the opening day of the exhibition and daily during the exhibition. The official veterinarian will order the immediate removal to a quarantine facility or removal from the exhibition premises of any animal showing clinical signs of any infectious, contagious or communicable disease, including ringworm and warts.

Any animal showing evidence of any disease, abscesses, or any open contagious lesions will not be allowed to exhibit or show and will be subject to isolation or expulsion depending on the nature and seriousness of the disease, abscess or lesion in question. If illness of any nature is suspected in any animal, said animal is subject to examination by the State Veterinarian and owner or exhibitor of said animal must abide by the decision of this veterinarian. **Animals with warts or ringworm may not be shown.** A statement from a veterinarian that an animal is being treated for these diseases is not acceptable. Animals known by the exhibitor to have an infectious, communicable disease or to have been exposed to an infectious, communicable disease, or to be from a quarantined flock may not be entered in an exhibition.

IDENTIFICATION.

- All cattle, swine, sheep and goats exhibited at the fair must have official identification (ID) that meets the requirements of both state and federal animal identification rules. The goal of these ID requirements is to uniquely identify animals so they can be traced to their source in a disease outbreak. The type of ID used in each species may vary, but each official ID is unique to that animal within the United States. For pictures of official ear tags and more information about official ID in livestock, visit the Board of Animal Health Official ID page at mn.gov/bah/official-id.
- There are no state or federal requirements at this time to officially identify camelid species or rabbits.
- Some members of the poultry group will need individual leg bands so they can be identified to their owner at the State Fair.
